08

What exactly does the term "product" means?

A **product** is something (tangible/non-tangible) created through a process to benefit a group of customers and to the organization that provides it. It can be anything from a chair, a painting, or it can even be just an idea.

18

What is a user story in Scrum? How does a good user story look?

Vizle

27

Do you think you are talented enough to be a product owner? What are the skills that you have to be a good product owner?

Knowledgeable

Excellent Communication skills

Commitment towards team and work

Quick decision making

Always reliable and available

38

Have you heard of Product Backlog Refinement meeting? In that meeting do we focus on items of upcoming sprints or the current sprints?

During a Product backlog refinement meeting, the team and the product owner discuss the questions that would normally arise during sprint planning. Therefore, that meeting is for the upcoming sprint.
